

Name

MALIBU BOULDERS 12"-48"

Product Category

[Boulders 12-24,](#)

Product Type

[Boulders,](#)

Description

Malibu landscape boulders are a tan brown sandstone blend into coastal and coastal inland Southern and Central California landscapes. A great boulder material when you want to medium to large boulders to be an integral part of the landscape design. An impressive stone that works well in water features or as an accent.

Stop in and select the boulders needed for your special project. We can load you up or palletize for delivery.
